

Service Additives – Diesel System

Version: SA7/02

Valvoline™ Diesel System Protector

High performance additive for all diesel engines. Cleans and protects all components that are in contact with fuel. Keeps the engine performance optimal.

Applications

Suitable for all diesel engines in passenger cars and trucks.

For both winter and summer diesel.
For modern common-rail and pump injection systems.

Recommended application:
Preventive (at every vehicle inspection) to keep the diesel system clean.

Operating instructions

Add the content of the metal bottle (300 ml) to the tank with a fuel quantity of up to 50 liters of diesel.
The fuel quantity should at least equal the reserve volume.

Application through simple addition of the Diesel System Protector to the diesel. No specialist tools or equipment required.

Features & Benefits

Keeps Diesel System clean

Effectively cleans all components of the diesel system that come in contact with the fuel. It prevents the build-up of harmful deposits inside the engine.

Effective corrosion protection

Special inhibitors prevent corrosion of fuel system components.

Prevents sludge formation

Valvoline Diesel System Protector stabilizes the fuel and prevents sludge forming which is more prevalent in case of biofuel containing fuels.

Improves fuel combustion

Thanks to cetane improves the ignitability improves and engine 'knocking' is prevented.

Lubricates the fuel system

Improves the lubricity of Low-Sulphur diesel, preventing wear valve seats and stamps.

Prevents high fuel consumption

Special additives that help cleaning the diesel system and combustion chambers and thereby promote fuel economy.

PRODUCT INFORMATION

Keeping the world moving since 1866™

Serving more than 100 countries around the globe, Valvoline is a leading marketer, distributor and producer of quality branded automotive and industrial products and services. Products include automotive lubricants; transmission fluids; gear oils; hydraulic lubricants; automotive chemicals; specialty products; greases, and cooling system products.
